Sage distribue Beemo

This is a [Press Release](#) edited by StorageNewsletter.com on Thu, June 11th, 2009

Et sa solution de sauvegarde sécurisée

Pour le salon Sage Expo 2009, Beemo Technologie était présent en tant que nouveau partenaire Sage. L'offre de Beemo Technologie permet aujourd'hui à Sage d'élargir son catalogue en proposant à ses partenaires et clients une solution de sauvegarde sécurisée.

A l'occasion de se salon, Beemo Technologie a fait découvrir aux éditeurs, intégrateurs, revendeurs et partenaires Sage leur solution Data Safe Restore, ainsi que leur programme partenaire.

Beemo Technologie est le premier concepteur de solutions de sauvegarde de données cumulant un serveur local (BeeBox) et une double externalisation sécurisée. C'est pour accompagner les entreprises dans la dématérialisation des informations et dans le contexte de plans de reprise d'activité (PRA) que Beemo Technologie a conçu cette solution.
